

IMOH ALFRED

Software Engineer

imohalfred8@gmail.com | +234 806 895 3918 | Uyo, Nigeria

Portfolio: imoh-portfolio.vercel.app | GitHub: github.com/Imohalfreddev | LinkedIn: linkedin.com/in/imoh-alfred-99a4a8258

SUMMARY

Software engineer specializing in designing and building dynamic, responsive web applications and premium user interfaces. Deep practical experience with the full stack, including React, Next.js, JavaScript, Node.js, Express.js, Python, and FastAPI. Adept at managing databases and DevOps pipelines, collaborating across the full stack to deliver production-grade software from concept to deployment.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, Tailwind CSS

Backend & APIs: Node.js, Express.js, Python, FastAPI

Database & DevOps: PostgreSQL, MongoDB, Docker, Git, Vercel, Render

PROJECTS

WorkFlow, Employee Management SaaS

React, JavaScript, JWT, Vercel

- Built a comprehensive, intuitive admin dashboard displaying live KPIs, facilitating direct and broadcast messaging, and managing a leave request approval workflow.
- Developed role-based UI components that dynamically adapt based on user permissions, separating Admin and Employee views.
- Successfully deployed the fully optimized React frontend to Vercel for high global performance.

ImohMarket, Automotive Marketplace

JavaScript, HTML5/CSS3, FastAPI

- Developed a dynamic, mobile-responsive frontend for a fully featured car marketplace.
- Implemented secure client-side JWT authentication flows and role-based route protection for buyers and sellers.

EXPERIENCE

Freelance Full-Stack Developer

2023 to Present | Remote, Nigeria

- Delivered end-to-end applications across eCommerce, SaaS, and internal tooling.
- Owned the complete development lifecycle, including API design, database modelling, frontend development, containerization, and deployment.
- Successfully executed a self-directed learning roadmap progressing from frontend and backend fundamentals to databases, authentication, and DevOps through shipped products.

EDUCATION

Secondary School Certificate (SSC)

2010 to 2016

GTC, Mayne Avenue, Calabar South, Nigeria

Self-Directed Software Engineering Programme

- Completed a rigorous, project-driven curriculum where every theoretical concept was directly applied through live, deployed applications.
